Good afternoon Paul,

I hope this finds you well in the midst of the ongoing protests in ND. Out troopers are coming home today as previously arranged in the EMAC agreement. I have heard nothing but positive feedback from our troops, as well as other law enforcement partners from around the region. A few of our counterparts have sent a one or two folks up to learn and observe from your successful operation in ND. We are tentatively planning on doing the same thing next week, but wanted to run it by you first. We don't want to be in the way or create more headache for you and your team. We would simply be observing and learning as much as we can. We acknowledge it is only a matter of time before something like this hits Wyoming, since we have very similar cultural and natural resource make-up. Please let me know your thoughts.

I tried to call your cell phone and your voice mail was not available. Feel free to contact me at numbers below.

Thanks sir. My best regards to you all,

Keith
