Katie Adams has shared the following file:

 [WHP Records Request - NDPL - Email results.onetoc2](#)

I am sharing a OneNote document that contains all of the email results from ETS's search. When you open the document, there should be three tabs along the top. The first tab contains results for the term "@nd.gov." The second tab contains search results for the term "#NoDAPL." The third tab contains search results for the terms "protest," "protests," "protester," and "protesters." Please let me know if you have any trouble opening the document.

Katie,

I was not able to open it. I'm not sure if Cpt Walther has been able to or not, I'll check with him.

Kim :)

Hi Kim, thank you for letting me know. I just shared a second link and that may fix the problem.

No luck. It tells me I have to download. When I do, it doesn't associate a program with it to open. Could be user error though!
