I checked with NDHP and we will not be able to utilize their fuel pumps. They have gone to an electronic system that requires a specific fleet card assigned to each vehicle. Sounds similar to our system. You will have to purchase a tank of gas each way and get reimbursed via the A-40, and this will be addressed in the memo coming forthwith. Thanks again for the idea!

Keith

Mag. Groeneweg,

In the last many years visiting family in Bismarck area we usually fill in Sundance and that normally takes us to Dickinson. There is a Highway Shop on HWY 22 by New England and another one north of Dickinson a couple of miles on HWY 22, that is if NDDOT will allow us to use their pumps. This is only a suggestion as of course as I will follow what ever direction given.
