Colonel,

██████ is ready, and planning, to come home the 8th. In the interest of the deployed troopers, I believe we should bring them home as scheduled and keep them home so they can recuperate with their families and other members of the Squad can contribute as necessary.

We were just hoping to start planning the second deployment should that be the need. I told ██████ to plan on returning as scheduled and to bring all of our equipment, then we will standby until we receive further word from North Dakota.

All, I too have been hearing concerns that with additional protesters arriving, as well as the longevity of this protest that officers are becoming weary. The plan is still to return our six Troopers on November 8. I spoke with OHS Director Guy Cameron yesterday and he said that it is likely that another EMAC request will be forthcoming for additional assistance.

I agree with Keith. We will take it one step at a time if and when this occurs.

Shawn, did [REDACTED] indicate a desire to stay or come home? Thanks, Kebin.

Shawn,

If there is a need for more troopers to respond, it will require another request and signed agreement from the Governors through the EMAC/OHS process. The initial request only included enough funding for the current 6 troopers who are deployed (specific salaries, etc had to be included in the agreement). I have not heard of any such subsequent request at this time. I will CC the Colonel to see if he has heard of anything coming across his desk.

Keith

Major,

I wondered if you have had any contact with the North Dakota incident command reference sending another group. In speaking with [REDACTED], it sounds like it may be necessary, but I wanted to check with you before contacting the IC or soliciting more troopers.

Let me know if you want me to do anything.
