Kim,

I sent you everything I generated. I did not send emails that others generated - under the assumption they would. Please let me know if you need anything else.

Hi All,

I have received several requests for any/all information our agency has regarding the Troopers that went to North Dakota. A few of the requests have asked for emails related to this deployment. Captain Walther and I have spoken to the AG's Office about how to obtain these. We figure the easiest way would be to have all of the folks that coordinated this effort just send me any emails that you have on this matter. We have redacted some things from the information we've already sent out, so we will also be looking at what is in the emails that you send to me. Please get them to me as soon as possible. Thank you very much for your cooperation.

Kim :)

I have 98 emails to send you. Is there a way to send them at once?

Keith,

I checked with both AJ Myers and ETS and there does not seem to be a way to select and send them all at once. ETS is going to do some further checking and call me back but as of now you may just have to send them to me one at a time.

Keith,

The gal from ETS called me back and said she did some more checking and is not aware of a way to send multiple emails at once so you will probably have to forward them to me one at a time. Sorry.

Kim :)
