Kim,

Please standby with this. I was just informed by the troopers that there will be more reports needed at the request of ND and for some actions taken. I will get an event number created and have all the troopers use it. I will let you know what that event number is.

Captain Shawn M. Dickerson

Wyoming Highway Patrol
District Two Commander
Office (307) 473-3234
Mobile (307) 262-3292

Ok so just to be clear. Can we release the P-56's or is that too closely related to the worker's comp forms?

Kim :)

According to [REDACTED], the two injured troopers did complete an old paper P-56, outlining the circumstances surrounding their injuries, so local agencies could pursue charges - if a suspect is identified.

Kim,

As far as I am aware, the only reports we have from this period for those serving in ND are Workers' Comp forms, and these are protected documents that cannot be released.

Kim,

The guys are headed home today.

Reference reports, the only reports they have generated were in regard to injuries they suffered from thrown objects; they were not entered into IFR because we have no event to associate them with. I am not certain we want to release these reports, but copied Major Groeneweg so he can weigh in about it.

All other communication was verbal.

Shawn,

We've received a couple of requests from Rodger McDaniel who is writing a column and has already requested information about the squad being up in North Dakota. This morning he emailed this. Could you take a look at it and provide me any reports and let me know when the guys are returning home?

Please provide me with copies of all incident reports or other reports, whether in electronic or other form of any nature reporting or describing the work done by or any incidents in which Wyoming Highway Patrol Officers were involved while working in North Dakota pursuant to the request of the North Dakota Department of Emergency Services to provide assistance in Morton County.

Please advise when the officers are expected to terminate their service in North Dakota.

Thank you

Rodger McDaniel

Thanks, Kim :)
